

### ***5.3.2 Institution facilitates student's representation and engagement in various administrative co-curricular and extra-curricular activities***

Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities. Institution facilitates student participation in academic administration. Student representatives are identified from each class as members of course and class committee. The progress of the class, the quality of teaching learning process, evaluation of internal assessments, infrastructural improvements, addition of facilities for academic purposes are represented. Students are motivated to participate and organize co-curricular activities. They are given ample opportunity to organize department association and professional forums like IEEE. Students are assigned with the responsibility of program coordinator and faculty advisors are nominated to provide necessary support to students. This is helping students to improve their organizing capabilities, leadership qualities and communication skills. All extracurricular activities organized by the institution are coordinated by student representatives under guidance of assigned faculty. The selection of events, regulating the events and related celebrations are brought under the coordination of students with supervision from faculty. The students are encouraged to hold events as desired by student community so as to nurture and encourage the artistic talents of the students. These programs will enable students to have a holistic development enriching further career and personal growth.
