STUDENT CATEGORIZATION

EEE DEPARTMENT

The students joining the department come from diverse background and the learning pace of students are not alike. Some students require more attention and time for learning and some students grasp quickly and can envisage more knowledge in the same time frame. To judiciously reframe the teaching process, students are categorized as slow learners, advanced learners and outstanding learners. Norms followed at present are as follows:

Norms followed for categorization- All semesters except S1

Based on End Semester University examination results

Slow learners : $CGPA < 7$
Advanced learners : $7 \leq CGPA < 8$
Outstanding learners : $8 \leq CGPA \leq 10$

For S1, categorization is based on first internal examination

GRADING OF STUDENTS

STEPS FOR SLOW LEARNERS

1. Regular monitoring and counseling
2. Remedial Classes
3. Communicating students progress to their parents

STEPS FOR ADVANCED LEARNERS

1. Promote independent learning through NPTEL/MOOCs
2. Encouraging the students to publish papers and participate in student level conferences and Hackathones
3. Encouraging students to enroll for Minor in Engineering program
4. Selected as class representatives and Program Co-ordinators

STEPS FOR OUTSTANDING LEARNERS

1. Promote independent learning through NPTEL/MOOCs
2. Encouraging the students to publish papers and participate in student level conferences and Hackathones
3. Encouraging students to enroll for Minor in Engineering program
4. Assigning student tutorship program
5. Selected as class representatives and Program Co-ordinators

Categorization of Students

In every educational programme we can see some students can perform really well in all aspects, they can easily grasp the ideas in a simple manner. On the other side there will be some students who may face difficulties in the learning process due to some personal or other valid reasons. In these situations the students need special care and attention to improve their learning activity

3 Categories of student learning ability

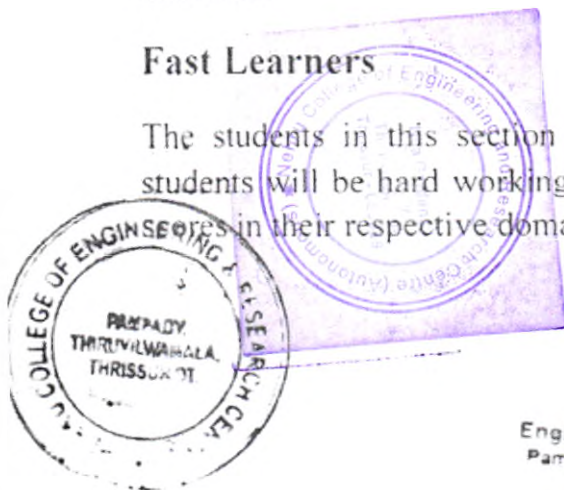

- Advanced/Outstanding Learners
- Fast Learners
- Slow Learners

Advanced/Outstanding Learners

The students in this category have more potential with their memory, critical thinking, creativity, comprehension etc. The students will have hard working behaviors and will be more active while comparing the majority of the class. The students under this section will bring some new innovative concepts and techniques that can enhance teaching learning activities.

Fast Learners

The students in this section have better memory capability, thinking ability etc. The students will be hard working. The students under this section will have more than 80% in their respective domain.

Slow Learners

The slow learners are always the poor in achieving good marks. They may fail in exams or will score only poor grades. They will be struggling to understand the lessons and may have difficulties in their reproduction and integration. They may fail critical reflections. The poor performance is not only because of the poor capability or aptitude but may be due to poor family situations, inappropriate teaching methods, , lack of motivations and supports, or even the inability to communicate in an unfamiliar language.

Methods of assessment

- Merit in qualifying examinations
- Performance in entrance examinations
- Performance in training sessions and bridge program's
- They can be monitored continuously with the help of various internal exams, assignments
- University examination results
- Communication and interactive ability in the class
- Innovative ideas
- Research oriented activities
- Participation in co-curricular activities

Guidelines for Fast learners

- Giving advice to participate in training programs, technical sessions to improve analytical and problem solving skills in them and thereby, to enhance their presentation and communication skills.
- *Motivating the Fast learners to make quality publications*
- Motivating them to participate in National International Conferences
- They will act as a helper to the slow learners.
- Giving suggestions to clear any sort of doubts in academic aspects from the concerned domain expert
- Encouraging them to improve the quality oriented learning with the help of smart devices

Guidelines for Slow learners

- Slow learners should not be stamped as poor achievers in the class or department if so this will decrease their interest in learning and also make them more introvert in the class.
- The whole department and individual teachers should help the slow learners by giving proper guidance and support.
- Conduct extra and corrective classes for difficult subjects and topics to the slow learners based on the results of internal evaluation
- Special coaching to reduce the gap between fast and advanced learners

Guidelines for Advanced learners

- Advanced learners are provided with additional inputs for more desirable career planning and growth through offering special coaching for higher level competitive examinations
- Giving advice to participate in group discussions, technical quizzes to improve analytical and problem solving skills in them and thereby, to enhance their presentation and communication skills.
- Motivating them to participate in National International Conferences and also to publish papers
- Encouraging them to involve in research projects to inculcate research orientation and higher studies aspirations
- Startups offers are there for advanced learners. Seed money can be offered to advanced learners to make their innovative proposals implemented
- Exhilarating the advanced learners to make quality publications and creative contributions to the academic as well as to the society
- They will act as supporters to the average and the slow learners.

- Getting the support of the advanced learners and fast learners to the slow learners in making their learning process simple and interesting
- Academic and personal counseling are given to the slow learners by the tutor, mentor and the counseling cell
- Explanation and discussions in their comfortable language should be done and also motivate them to prepare notes to improve the writing and presentation skills
- Alumni support is also effectively used to encourage and guide the slow learners through the proper path.

After discussions it has been mutually agreed upon by the parties that trainers shall conduct an Aptitude Test Preparation training programme for the BTech and MCA students at the campus of NCERC with their own panel of faculty members and by providing necessary course materials to the students. The facilities like Classrooms, LCD projectors and other on-campus facilities shall be provided by NCERC on request from the Trainers.

Terms and conditions:

1. The duration of the training programme shall be 10 days for a BTech pass-out batch and 5 days for an MCA batch. The complete training for a BTech batch shall be offered over two calendar years with 5 days each in a calendar year. It shall be provided as Three days in Semester 4 + Two days in Semester 5 + Three days in Semester 6 and Two days in Semester 7.
The training for an MCA batch shall be offered during one calendar year. It shall be provided as Three days in Semester 2 + Two days in Semester 3. (Each day of training shall be 5½ to 6 hours)
2. The five days of training during a calendar year shall be offered on mutually convenient dates split as 3 days during the even semester (from January to May for 4th Semester & 6th Semester for BTech students and 2nd Semester for MCA students) and 2 days during the odd semester (from July to November for 5th & 7th semester BTech students and 3rd Semester MCA students).
3. The students shall be divided into batches of appropriate numbers by NCERC, with a maximum of 70 students per batch.
4. The training shall be offered by the trainers to students of each pass-out batch grouped into four batches OR five batches in case the combined number of BTech and MCA students is larger than what can be grouped into 4 batches.
5. The term of this MOU shall commence from the Effective Date and shall continue to be valid for period of 3 years ("Term") unless terminated earlier in accordance with the terms of this MOU.
6. NCERC has the right to terminate the MOU at any time by providing one-month prior notice to the trainers.
7. The trainers shall conduct a minimum of 4 Model Aptitude tests for the participating students during each calendar year (2 Years x 4 Tests = 8 Tests over the entire training period for a BTech batch and 1 Year x 4 Tests = 4 Tests over the entire training period for an MCA batch) and publish the results during or after the training programme.

8. Trainers agree to use the Premises of the NCERC exclusively for conducting the training program only and agree to take care of the attachments, accessories, establishments, and infrastructure of the NCERC Premises.
9. The Trainers shall ensure that their staff, workers, students etc., maintain disciplined behaviour and they shall not in any manner cause any interference, annoyance or negligence to the NCERC.
10. The Trainers shall indemnify NCERC against any claim, loss, damage etc. occurred or caused to NCERC due to the wilful acts or omissions, carelessness or negligence on the part of Trainers, and any of the representatives or employees of the Trainers.
11. As the campus placements start for the BTech final year students during their 7th semester and for the MCA final year students during their 3rd semester, the trainers shall offer a minimum of 5 Online Tests for practice to the S7 BTech and S3 MCA students through their online test platform PraKtitz and provide the feedback to the NCERC Training and Placement Officer. These tests shall be offered online and outside the training hours during the 7th semester for the BTech and 3rd semester for the MCA students.
12. The payment for the training to the trainers shall be approved and provided by NCERC on the respective invoice raised by the trainers and as follows:

- Payment of Rs 1,68,000/- (Rupees One Lakh Sixty-Eight Thousand only) (Rs 14,000 per batch per day x 4 batches x 3 days) on completion of 3 days of training in the 4th Semester for BTech.
- Payment of Rs 1,12,000/- (Rupees One Lakh Twelve Thousand only) (Rs 14,000 per batch per day x 4 batches x 2 days) on completion of 2 days of training in the 5th Semester for BTech.
- Payment of Rs 1,68,000/- (Rupees One Lakh Sixty-Eight Thousand only) (Rs 14,000 per batch per day x 4 batches x 3 days) on completion of 3 days of training in the 6th Semester for BTech and 2nd Semester for MCA students.

In case the combined number of S6 BTech and S2 MCA students is larger than what can be grouped into 4 batches, they shall be grouped into 5 batches and in that case, the Payment on completion of 3 days of training for the S6 BTech and S2 MCA students shall be Rs 2,10,000/- (Rupees Two Lakh Ten Thousand only) (Rs 14,000 per batch per day x 5 batches x 3 days)

- Payment of Rs 1,12,000/- (Rupees One Lakh Twelve Thousand only) (Rs 14,000 per batch per day x 4 batches x 2 days) on completing 2 days of training in the 7th Semester for BTech and 3rd Semester for MCA students.

In case the combined number of S7 BTech and S3 MCA students is larger than what can be grouped into 4 batches, they shall be grouped into 5 batches and in that case, the Payment on completion of 2 days of training in the S7 BTech and S3 MCA students shall be Rs 1,40,000/- (Rupees One Lakh Forty Thousand only) (Rs 14,000 per batch per day x 5 batches x 2 days).
