AFSAL F RAHIMAN

OBJECTIVE

To be an innovative and passionate engineer, to work in a challenging and cutting edge environment, to excel in delivering the best of myself for my work, to learn and grow with the institution and to be a complete professional.

PERSONAL SKILLS

- Comprehensive knowledge of electric power generation, transmission and distribution systems and power electronic devices.
- Good knowledge in simulation software's like MATLAB Simulink, Proteus, PSIM.
- Extensive knowledge of basic computer applications with excellent communication skills both technical and verbal with excellent presentation skills.
- Fluent in multiple languages Malayalam, Hindi, Tamil, English.

WORK EXPERIENCE

Held the post of JUNIOR DESIGN ENGINEER at SOFTRONICS, Palakkad. For a tenure of 1 year from May 2013 to May 2014. During this period headed and assisted in designing and completion of various projects.

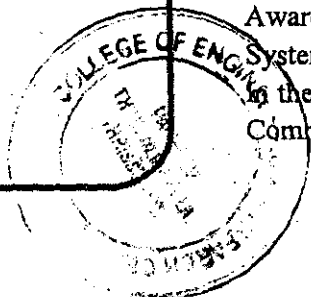

Currently employed as Assistant Professor in the Department of Electrical and Electronic Engineering, Nehru College of Engineering and Research Centre, Pampady from June 2014 till date.

ACCOLADES

Published Author of "Stand Alone Power System Using Photovoltaic/Fuel Cell/Battery Hybrid Generating System," in International Journal of Innovative Research in Science, Engineering and Technology, Vol 3, Issue 4, April 2014.

Active participant and organizer of various conferences and workshops.

Awarded First Place for presenting paper titled "Stand Alone Power System Using Photovoltaic/Fuel Cell/Battery Hybrid Generating System," in the National Conference "Modern Trends in Electrical, Electronics and Communication Engineering" conducted by NCERC, Pampady.

PRINCIPAL

Nehru College of
Engineering and Research Centre
Pampady, Thiruvilwamala, Thiruvananthapuram
Pin 680 597 Kerala

Strengths

- Sincere.
- Smart worker.
- Endowed with leadership quality.
- Responsible- sees the assignment through.
- Excellent team player with good co-ordination and communication skills.
- Fast learner.
- Well known for quick wittedness.

Weakness

- Too helpful.
- Lose sense of time when I am focused on the job at hand.

In this project, We utilize the force produced by the water flows through our conventional water taps. It will drive the turbine which is incased already inside the pipe way. And thus turbine rotates and it drives the dynamo by means of a coupling used between them. Here by power produces.

- Button operated gear shifting mechanism in two wheeler.

In this project, we introduced new concept by attaching two buttons on the handle of the two wheeler by pressing these buttons we can shift the gear. It is easy method and very much useful for the handicapped persons.

Key Skills

- Self Learner
- Excellent Communication Skills
- Enthusiastic to work with teams
- Good analytical and logical skills.

Extra Curricular Activities

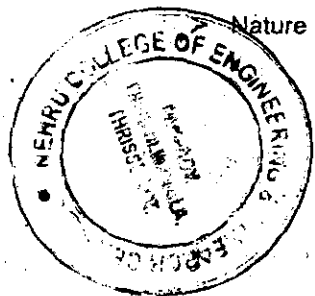

- Presented the paper in symposium "PRESENTEC'08", conducted in Infant Jesus College of eng., Tuticurin.
- Presented the paper in symposium "PRESENTEC'09", conducted in Infant Jesus College of eng., Tuticurin.
- Anchored and hosted National Level Technical Symposiums in Colleges and several intra College functions and celebrations.
- Participated in a national level symposium in VIT about geometric dimensioning and tolerance.
- Member of M.I.S.T.E

Dear Sir/Madam,

Sub: Your Appointment as Asst.Professor (CSE) in NEHRU COLLEGE OF
ENGINEERING &, RESEARCH CENTRE, PAMPADY, THRISSUR Dist. -
Reg.

With reference to your application and subsequent interview and as recommended by the selection committee for the post of FULL TIME ASST.PROFESSOR we have pleasure in offering you employment with us in the above post under the following terms and conditions.

1. Your work - load will be as per University / A.I.C.T.E. Norms
2. You should be present in the College on all working days and your day-to-day duties will be as per AICTE/University rules and regulations, besides directions from the Principal and undersigned.
3. Your monthly salary will be as per A.I.C.T.E. Norms (15600 + 39100) with gross Salary of Rs.25920/-).
4. Initially you will be on probation for a period one year from the date of joining. If found satisfactory, the appointment will be confirmed after that period or probation period extended.
5. Your services can be terminated at any time by giving three month's notice on either side or salary in lieu thereof. However, your services can be terminated without notice during the probation period.
6. You will have to join duty on 03.07.2017 Fore noon.
7. If the above terms and condition are acceptable to you, you may submit to us all attested copies of certificates to support your qualifications and experience given in your bio-data. The duplicate of this order may be signed and returned to us as a token of acceptance of the order besides an acceptance letter.

Yours faithfully,

Dr.P.Krishnakumar

Design and Performance Analysis of Flat Plate Collector Solar Water Heater

The aim of the present project is to improve the thermal performance of flat plate solar collector using a novel cost effective heat transfer technique. This work focuses on the process of energy conversion from the collector to the working fluid. To enhance the heat retentivity of solar collector, the collector surface was packed with heat storage materials like pebbles, sand, metal chips, fins and it was found that sand was having the highest heat retentivity. To enhance heat capturing capacity, a reflector was implemented at different angles with collector surface and it was inferred that reflector at 45° was more efficient to capture maximum solar radiation. To improve the heat transfer to water inside the riser tube, a valve was implemented to regulate the water flow rate and it was found that at 3litres per minute, maximum heat was transferred to the water. By combining all these in a water heating system, an efficient and cost effective heating system was obtained.

Dear Sir/Madam,

Sub: Your Appointment as Asst.Professor (Electrical) in NEHRU COLLEGE OF ENGINEERING &, RESEARCH CENTRE, PAMPADY, THRISSUR Dist. - Reg.

With reference to your application and subsequent interview and as recommended by the selection committee for the post of FULL TIME ASST.PROFESSOR we have pleasure in offering you employment with us in the above post under the following terms and conditions.

1. Your work - load will be as per University/ A.I.C.T.E. Norms
2. You should be present in the College on all working days and your day-to-day duties will be as per AICTE/University rules and regulations, besides directions from the Principal and undersigned.
3. Your monthly salary will be as per A.I.C.T.E. Norms (15600 - 39100) with gross Salary of Rs.26420/-).
4. Initially you will be on probation for a period one year from the date of joining. If found satisfactory, the appointment will be confirmed after that period or probation period extended.
5. Your services can be terminated at any time by giving three month's notice on either side or salary in lieu thereof. However, your services can be terminated without notice during the probation period.
6. You will have to join duty on 03.06.2013 Fore noon.
7. If the above terms and condition are acceptable to you, you may submit to us all attested copies of certificates to support your qualifications and experience given in your bio-data. The duplicate of this order may be signed and returned to us as a token of acceptance of the order besides an acceptance letter.

Yours faithfully,

MANAGING TRUSTEE.

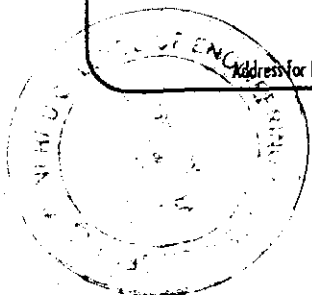

All Terms & Conditions accepted.

Dear Sir/Madam,

Sub: Your Appointment as Asst.Professor (Applied Sciences) in NEHRU COLLEGE OF ENGINEERING &, RESEARCH CENTRE, PAMPADY, THRISSUR Dist. - Reg.

With reference to your application and subsequent interview and as recommended by the selection committee for the post of FULL TIME ASST.PROFESSOR we have pleasure in offering you employment with us in the above post under the following terms and conditions.

1. Your work - load will be as per University / A.I.C.T.E. Norms
2. You should be present in the College on all working days and your day-to-day duties will be as per AICTE/University rules and regulations, besides directions from the Principal and undersigned.
3. Your monthly salary will be as per A.I.C.T.E. Norms (15600 - 39100) with gross Salary of Rs.17600/-).
4. Initially you will be on probation for a period one year from the date of joining. If found satisfactory, the appointment will be confirmed after that period or probation period extended.
5. Your services can be terminated at any time by giving three month's notice on either side or salary in lieu thereof. However, your services can be terminated without notice during the probation period.
6. You will have to join duty on 29.07.2013 Fore noon.
7. If the above terms and condition are acceptable to you, you may submit to us all attested copies of certificates to support your qualifications and experience given in your bio-data. The duplicate of this order may be signed and returned to us as a token of acceptance of the order besides an acceptance letter.

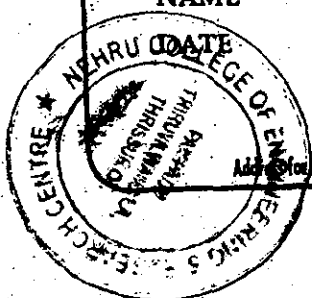

Yours faithfully,

Objective

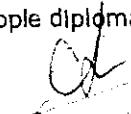

- To take up a challenging and high performance oriented role in the field of Electrical & Electronics engineering and implement the expertise and experience gained in this field, thus enhancing value addition to my job, the organization and myself.

Educational Qualification

- Pursuing M.Tech (Energy Systems) at Nehru College of Engineering and Research Centre-Pampady, affiliated to University of Calicut, (2012 - 2014) with SGPA of 7.92/ 10 (1stsem).Project submission in July 2014.
- B.Tech (Electrical & Electronics engineering) from Vidya Academy of Science and Technology, Thrissur affiliated to University of Calicut,(2008 -2012) with an aggregate of 75.8%
- +2(SCIENCE) from Santha H.S.S,Avanoor, Kerala In March 2007 with an aggregate of 88.33%
- S.S.L.C from N.S.S.V.H.S.S. Mundathcode, Kerala In March 2005 with an aggregate of 92.23%

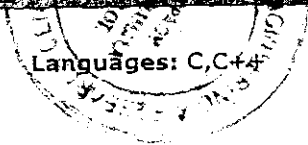

Strengths

- Good verbal and written communication skills
- Ability to deal with people diplomatically
- Willingness to learn
- Lead group

Project Summary

Performance Evaluation of Solar Air Collector with Transpired Absorber and Cover

Applying solar collectors is a popular tool for harnessing solar energy. Flat plate collectors have been used to deliver heated air for space heating, crop drying, and similar applications requiring air at low-to-medium temperature (slightly above the ambient to about 100°C). Solar air heaters are inherently low in thermal efficiency due to low heat capacity and low thermal conductivity of the air in comparison to the liquid-type solar collectors. The main problem is low heat transfer coefficient between the absorber and air which reduces the thermal efficiency. Design improvement of solar collectors would lead to better performance of system. This work is intended to evaluate the performance of a flat plate solar air collector under direct solar radiation in an endeavour to enhance the thermal efficiency of solar air collector with a slatted glass cover, perforated absorber aluminium sheets which is the most suitable for a solar dryer and space heating applications.

RESUME

MADHAVI K

Contact No: 9496234673

Email: madhavikk17@gmail.com

CAREER OBJECTIVE :

To effectively utilize my skills and abilities in the institution I work and to be an asset for the organization through my sincerity, flexibility and optimism to meet its objectives as well as to enhance professional growth.

ACADEMICS :

YEAR OF PASSING	COURSE	UNIVERSITY/BOARD	MARKS OBTAINED
2015	M Tech in Power Electronics	University of Calicut	8.92 (CGPA)
2013	B Tech in Electrical & Electronics Engineering	University of Calicut	9.21(CGPA)
2009	Plus two	Kerala State Board	94.67%
2007	SSLC	Kerala State Board	95%

WORK EXPERIENCE :

Assistant Professor in Nehru College of Engineering and Research Centre, Thrissur from June 2015 till date.

PROJECT DETAILS :

MASTER RESEARCH PROJECT (M TECH): Design and development of linear switched reluctance motor for ground transit applications.

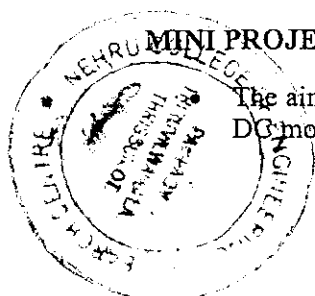

- Aims at developing a linear switched reluctance motor for transportation applications in industries. This topology is an innovative and advanced method which can replace the conventional belt or spindle drives using rotational motors.
- Attractive due to the cost, reliability, fault tolerance and phase independence points of view.

MAIN PROJECT (B TECH): Extension of a 66 kV substation to 110 kV & GSM based health monitoring of distribution transformers.

- The aim of the project is to analyze the design of various components of the existing 66 kV substation and to redesign them to suit for the proposed 110 kV substation.
- Also aims at developing a system to monitor distribution transformers using GSM technology.

MINI PROJECT (B TECH): Wireless DC motor speed control using IR and IC555.

The aim of the project is to provide an efficient and simple method for controlling the speed of a DC motor using pulse width modulation technique.

2015

- 2nd prize for the painting and essay writing competitions conducted by Wild Life Department in 2014.
- 3rd prize in the painting contest in Calicut university Interzone arts fest.
- Worked as a Special member of EEE association of NCERC.
- Prizes in essay writing, elocution, story writing, pencil drawing, painting, digital painting competitions at state and district levels.
- Received awards for academic excellence at school level.
- Selected as the most outstanding entry in All Kerala Children's Painting Contest at the state level.
- Qualified in the National Level Science Talent Search Examination.
- Qualified in the Balarama Digest scholarship examination.
- Represented school for sub district, district and state level youth festivals.
- Individual championship in the sub district level school youth festival.

EVENTS ATTENDED :

- A workshop on Internet of Things (IOT) at JCET, Palakkad.
- Faculty development programmes at NCERC during 2015-16 and 2016-17 academic years.
- A faculty development programme on the topic "Renewable Energy- A Solution to Energy Crisis" at NSSCE, Palakkad.
- A workshop on the topic "Restructuring and Deregulation of Power Systems" at NSSCE, Palakkad.
- Automation workshop training in PLC and SCADA by IPCS automation Pvt. Ltd.
- A national seminar on Modern Trends in Electrical Sciences.

INTERESTS & HOBBIES :

Drawing, Painting, Digital Painting, Writing

PERSONAL DETAILS :

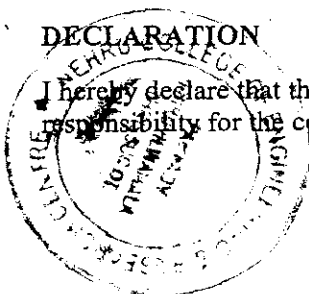

Age & Date of birth : 24, 17-5-1992
 Gender : Female
 Languages known : English, Hindi, Malayalam
 Father's name & occupation : A M Kuttykrishnan, Store Keeper

JOURNALS/CONFERENCES :

- Published the manuscript titled "Design, Modeling and Analysis of Linear Switched Reluctance Motor for Ground Transit Applications" in **IOSR Journal of Electrical and Electronics Engineering** Vol.10, Issue 1, Jan-Feb. 2015.
- Presented the paper titled "Design and Analysis of a Three Phase Linear Switched Reluctance Motor" in the "**International Conference on Recent Advances and Innovations in Engineering and Technology**" (ICRAIET'15).
- Presented the paper titled "Design of an Asymmetric Converter Fed LSRM" in the "**International Conference on Energy and Environment Management (EEM 2015)**" held at NSS College of Engineering, Palakkad.

INDUSTRIAL VISITS :

- NTPC, Kayamkulam
- TELK, Angamaly
- Power Grid Corporation Limited, Pondicherry
- L & T, Coimbatore
- Suzlon Energy Limited, Coimbatore
- 220 kV Substation, Kanjikode

INDUSTRIAL TRAINING :

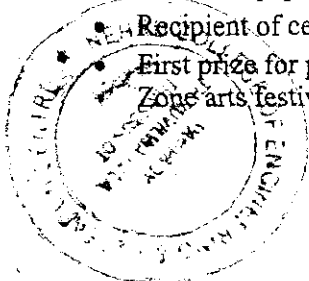

- Transformer Maintenance and Repair(TMR), Shoranur
- Keltron, Kannur

SOFTWARE PROFICIENCY :

- Languages : C, C++
- Operating Systems : Windows
- Tools : Microsoft Word, Excel, Power Point, MATLAB

ACHIEVEMENTS :

- Calicut University Topper Award (1st Rank) for B Tech course.
- Qualified in the GATE examination (2013) with an all India rank of 8996 and a score of 456.
- Been one of the four persons shortlisted for the Mar Baselios Youth Excellence award 2013, for the best Engineering student in the Engineering colleges of Kerala.
- Best student award from "Architects' and Engineers' Association", Thrissur.
- 2nd prize for paper presentation by KSEB Engineers' association at district level on the topic "Save energy, Save environment".
- Participated in the state level seminar series by KSEB.
- Presented the engineering product "GSM based health monitoring of distribution transformer" in the Kerala State Council for Science Technology and Environment (KSCSTE) - TECHFEST.
- Participated in the state level paper presentation competition in connection with AVANZA'12 at Albertian institute of science & technology, Kochi, on the topic "Inspiring Lives in Electrical and Electronics Engineering".
- Prizes for paper presentation at the college level.
- Recipient of central sector scholarship from Govt. of India (2009-2013).
- First prize for painting, second prize for pencil drawing and third prize for oil painting in the A Zone arts festival-2015.

International Conference

- ❖ Presented paper titled "Natural Image Inpainting Based On Exemplar Approach" in international conference held at Vins Christian. College of Engineering, paper published in Proceedings of ICICN-2012(Volume-I).

National conferences

- ❖ Presented paper titled "Natural Image Inpainting Based On Exemplar Approach" in National conference held at Lord Jeggannath college of Engineering and Technology, published in Proceedings of NCIC²EA'12.

PROJECT DETAILS:

Project title : Natural Image Inpainting Based On Exemplar Approach

Area : Digital Image Processing.

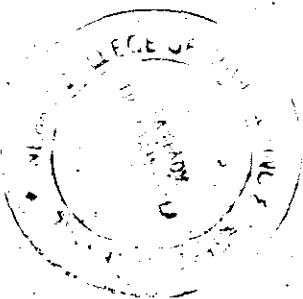

Description : Exemplar-based methods, in which actual image blocks are used to fill in missing content, have achieved state of the-art performance in image inpainting. The majority of these adopt a progressive approach, filling in the missing region inwards from the boundary. The final result is highly dependent on fill order, and while significant progress has been made on the choice of this order, the greedy nature of such a process leads to artifacts in some cases. The alternative exemplar-based approach proposed here is defined via joint optimization of a single functional, simultaneously assigning an estimated value to the entire inpainting region. The results are found to be highly competitive with other recent inpainting methods.

ELECTIVE SUBJECTS STUDIED:

- Data mining and data warehousing.
- Mobile computing.

TRAINING PROGRAMS/WORKSHOP ATTENDED:

- Attended National workshop on Network Simulator (NS2) conducted KLN College of Information Technology.

PRINCIPAL
Naras College of
Engineering and Research Centre

NEHRU COLLEGE OF EDUCATIONAL AND CHARITABLE TRUST

To
Ms. Neethu B.
Sreekripa
Near Parthasarathy Temple
Thottakkara P.O.
Ottapalam, Palakkad Dist.

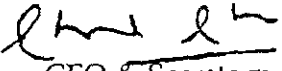

Dear Sir/Madam,

Sub: Your Appointment as Assistant Professor (CSE) in NEHRU COLLEGE OF ENGINEERING & RESEARCH CENTRE, PAMPADY, THRISSUR Dist. - Reg.

With reference to your application and subsequent interview and as recommended by the selection committee for the post of FULL TIME ASSISTANT PROFESSOR we have pleasure in offering you employment with us in the above post under the following terms and conditions.

1. Your work - load will be as per University / A.I.C.T.E. Norms
2. You should be present in the College on all working days and your day-to-day duties will be as per AICTE/University rules and regulations, besides directions from the Principal and undersigned.
3. Your monthly salary will be as per A.I.C.T.E. Norms (15600 - 39100) with gross Salary of Rs.25920/-
4. Initially you will be on probation for a period one year from the date of joining. If found satisfactory, the appointment will be confirmed after that period or probation period extended.
5. Your services can be terminated at any time by giving three month's notice on either side or salary in lieu thereof. However, your services can be terminated without notice during the probation period.
6. You will have to join duty on 11.12.2017 Fore noon.
7. If the above terms and condition are acceptable to you, you may submit to us all attested copies of certificates to support your qualifications and experience given in your bio-data. The duplicate of this order may be signed and returned to us as a token of acceptance of the order besides an acceptance letter.

Yours faithfully,

CEO & Secretary

CAREER OBJECTIVE

- To secure a responsible and challenging position in an organization where I can contribute towards organizational goals and objectives through my technical and analytical skills.

EDUCATION DETAILS

Education	Specialization	Year of passing	Institution	Performance
M. Tech	Applied Electronics and Communication Systems	2016	Nehru College Of Engineering And Research Centre (Calicut University)	77.90%
B.Tech	Electronic and communication	2014	Prime College Of Engineering, Palakkad (Calicut University)	75.70%
HSC	Science	2010	MNKMSS Chittilancherry, (Kerala HSE Board)	83%
SSLC	Science	2008	CGHSS Vadakkencherry	95%

COMPUTER SKILL SET

Languages C, C++ Basics, MatLab, VHDL, Network Simulator-2
Operating Systems Linux, Fedora, Windows

ACADEMIC PROJECT DETAILS

Course	M.Tech	Team Size	01
Project Name	An Efficient Hack ID Detection With Privacy Preserving Authentication in Wireless Mobile Networks		
Objective	The objective of the project is to detect the hacker and thus preserving the privacy of the users in wireless mobile network		
Description	Detecting the hacker who uses the pseudo id of the inobile devices. A Cluster based hack id detection mechanism is used in the project. Operating System: Fedora ; Programming Language: C++, NS-2		

PRINCIPAL
Nehru College of
Engineering and Research Centre
Palakkad, India
04922261143

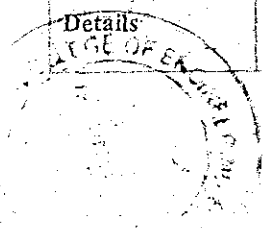

Course	B.Tech	Team Size	04
Project Name	ROUGER		
Objective	This project is aimed at developing a functional prototype implementation of an autonomous weed-cutting robot, able to move continuously within the plant rows and equipped with a cutting device whose width is adapted to the inter row.		
Description	This project is mainly based on the PIC Microcontroller, which process the signal from the signal Transducer and gives the variations and transmit it to the PC serially using zig-bee module. The obstacles are sensed by sensors interfaced with microcontroller. Image processing is done for further confirmation using MATLAB. The weed cutting mechanism will be constituted by blades rotating around a vertical axle attached to a servo motor. Programming Language: Embedded C, Mat Lab		

Course	B.Tech (Mini Project)	Team Size	04
Project Name	Anti Aircraft Collision Avoidance System		
Objective	The objective of this project is to avoid collisions between aircrafts using Global Positioning System and GSM		
Description	In this project GPS sensor is attached to the aircraft to monitor its current position. GPS receiver receives aircraft latitude and longitude from satellite through GPS antenna. Then position information signal is transmitted through GSM network or mobile. The receiver end mobile is connected with PC, PCs are programmed for watching the aircrafts continuously. If any two aircrafts longitude and latitude comes near then PC gives alert message to both the aircrafts. Programming Language: C		

INDUSTRY TRAINING

Industry	Keltron Controls	Duration	14 Days
Details	Completed two weeks training program at Keltron Controls Aroor, Alappuzha, an electronics industry in India. Acquired knowledge on CIG, PNG, ITG, STSG, CSG, SONAR ARRAYS and PNEUMATIC ACTUATORS		

Industry	BSNL, Palakkad	Duration	14 Days
Details	Completed two weeks training program at BSNL, Palakkad on networking and communication. Acquired knowledge on networking concepts, subnetting, modulation techniques, multiple access techniques, CDMA and GSM

Career Objective

To build a foundation of my career by working with a reputed organization where I can gain relevant experience so that I will be able to deliver to the organization with what it expects from me and also where my work won't go unnoticed.

Educational Qualification

- M.Tech in Applied Electronics and Communication Systems at Nehru College of Engineering and Research centie with 82% during 2015-2017.
- B.E in Electronics and Communication Engineering at Sri Krishna College of Technology with 76% during 2011-2015.
- H.S.C at Kannadi Higher Secondary School with 86% during 2010-2011.
- S.S.L.C at B.S.S Gurukulam School with 90% during 2008-2009.

Personal Qualities

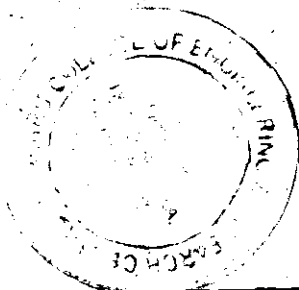

- Excellent interpersonal skills.
- Good communication skills in written and verbal both.
- Hard working.

Technical Exposure

- Area of Interest : Microprocessor (8085), Image processing.
- Programming Language : Matlab.
- Operating Systems : Windows 7, Windows 8.
- Package : MS- office.

Achievements

- Presented a paper on "Application of nanotechnology-cryonics".
- Undergone In plant Training at "BPL Telecom Private Limited" for a period of 3 days.

PRINCIPAL
Nehru College of
Engineering and Research Center
Deputy, Thiruvananthapuram, Kerala

- Attended a workshop on "Latex-An Efficient Documentation Tool".
- Presented a seminar on "Smart and Wireless Waste Management".
- Presented a seminar on "Voice and Touch Controlled Home Automation".
- Published a paper on International Journal of Engineering Trends and Technology(IJETT).

Academic Projects

- Designed a project on "Integrated Pest Management Using Digital Image Processing"
- Designed a project on "Detection of Diseases in Tomato Leaves Using Image Processing"
- Designed a project on "Improved security system for ATM using finger print identity"

Personal Details

AMRITA VISHWA VIDYAPEETHAM UNIVERSITY

Established u/s 3 of the UGC Act 1956

Faculty of Engineering

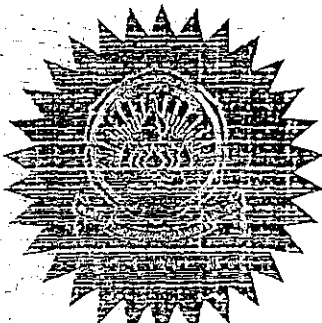

Amrita Vishwa Vidyapeetham hereby confers the degree of

Master of Technology in Power Electronics

on

Reethu Mohanan M. M.

*in recognition of the successful completion of all the requirements during July 2015,
as laid down by the Academic Council for the award of the said Degree with First Class.
Given on this day, the 7th of September 2015, under the seat of the University.*

HQ: Coimbatore-641 112, India.

Dear Sir/Madam,

Sub: Your Appointment as Assistant Professor (CSE) in NEHRU COLLEGE OF ENGINEERING &, RESEARCH CENTRE, PAMPADY, THRISSUR Dist.. - Reg.

With reference to your application and subsequent interview and as recommended by the selection committee for the post of FULL TIME ASSISTANT PROFESSOR, we have pleasure in offering you employment with us in the above post under the following terms and conditions.

1. Your work - load will be as per University / A.I.C.T.E. Norms
2. You should be present in the College on all working days and your day-to-day duties will be as per AICTE/University rules and regulations, besides directions from the Principal and undersigned.
3. Your monthly salary will be as per A.I.C.T.E. Norms (15600-39100) with gross Salary of Rs.25,920/-
4. Initially you will be on probation for a period one year from the date of joining. If found satisfactory, the appointment will be confirmed after that period or probation period extended.
5. Your services can be terminated at any time by giving three month's notice on either side or salary in lieu thereof. However, your services can be terminated without notice during the probation period.
6. You will have to join duty on 18.12.2017 Fore noon.
7. If the above terms and condition are acceptable to you, you may submit to us all attested copies of certificates to support your qualifications and experience given in your bio-data. The duplicate of this order may be signed and returned to us as a token of acceptance of the order besides an acceptance letter.

Yours faithfully,

CEO & Secretary

CAREER OBJECTIVE

To grow professionally and excel technically by working in a team with a shared goal, approach and techniques to excel in an amicable entrepreneurial environment like your reputed concern where profession and learning are given utmost importance.

EDUCATIONAL QUALIFICATION:

Class	Board	Institute	Place	Year of Completion	Percentage
M.Tech(Energy Systems)	Dr. A.P.J Abdul Kalam Technological University	Nehru College of Engineering and Research Centre	Thrissur	2017	8.48 CGPA
B.Tech (Electrical & Electronics)	Calicut University	Nehru College of Engineering and Research Centre	Thrissur	2014	6.54 CGPA
Higher secondary	State Board	St.Thomas Convent EMHSS	Olavakkod	2010	78%
Secondary	State Board	St.Thomas Convent EMHSS	Olavakkod	2008	90%

SKILLS SET:

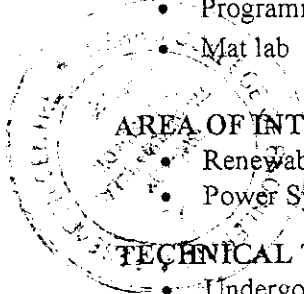

- Ms office
- Programing languages(c++, c)
- Mat lab

AREA OF INTEREST:

- Renewable Energy
- Power System

TECHNICAL TRAINING:

- Undergone 1 week In-Plant training at ITI, Palakkad.
- Had Attended one day Workshop on Robotics

PROJECT UNDERTAKEN

POST GRADUATE PROJECTS:

1. Cost Effective Smart Compact Solar Tunnel Dryer For Drying Food Crops.

The prime objective of this project is to design a solar dryer for drying products. With drying most agricultural products can be preserved and this can be achieved more efficiently through the use of solar dryers. An auxiliary heating coil is also provided for operation on rainy or cloudy days. So that allows the operation of solar dryer during the off sunshine day. Our project mainly focuses on design of a solar dryer for drying the products efficiently and economically. In rural areas, farmers can easily dry their products for competing with industrial products. This is more economical for them. We can design the size and shape of the dryer as per our need. The product cost is dependent on the size of the dryer.

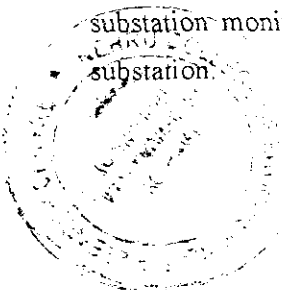

2. Automatic Solar Tracker.

All processes that involve energy conversion are, to some degree, inefficient. It is designed to develop a solar power generator at maximum efficiency, ie, in normal solar energy systems, the energy production will maximum only when the peak sun light falling time on the panel. But here we do a mechanical support which is rotates along with the sun light availability. An LDR is used to find the maximum sunlight available direction. The panel rotates according to the sensor readings. A microcontroller reads the sensor values and display it (light strength) on an LCD for our reference. The microcontroller programmed to rotate the solar panel -supported motor according to the LDR sensor readings.

UNDER GRADUATE PROJECTS:

1. Power Line Carrier Communication System For Monitoring And Supervision Of Feeder Equipments For Substation Automation

The aim of the project is to provide better services to electrical and electronic consumers. Digital substation management using power line communication is a combination of embedded system, analog and digital circuit design. Generally using station bus to connect all equipments inside the substation, except some primary equipment which are outer substations such as MV/LV transformer and switch gears. For those outsider equipments, we propose using the power line carrier communication technologies to communicate with the substation. Thus we designed a model for the same and tested it on Madakkathara 400kV substation. The substation automation is an overall substation monitoring system that gives essential information about the electrical parameters in a substation.

enhancements for drivers on the road. we use the three-axis accelerometer of an Android-based smartphone to record and analyze various driver behaviors and external road conditions that could potentially be hazardous to the health of the driver, the neighboring public, and the automobile. Effective use of these data can educate a potentially dangerous driver on how to safely and efficiently operate a vehicle. With real-time analysis and auditory alerts of these factors, we can increase a driver's overall awareness to maximize safety.

Intent Search: Capturing User Intention at One Click Internet Image Search

Web-scale image search engines (e.g. Google Image Search, Bing Image Search) mostly rely on surrounding text features. It is difficult for them to interpret users' search intention only by query keywords and this leads to ambiguous and noisy search results which are far from satisfactory. It is important to use visual information in order to solve the ambiguity in text-based image retrieval. In this paper, we propose a novel Internet image search approach. It only requires the user to click on one query image with the minimum effort and images from a pool retrieved by text-based search are re-ranked based on both visual and textual content.

Technical Skills:

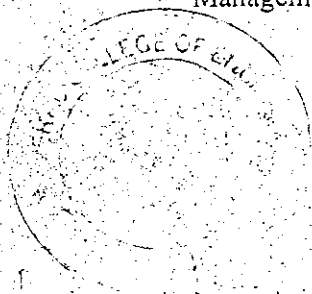

Programming Languages	: C, C++, java, html, Matlab, .net(basics)
Operating Systems	: Windows, Linux.
Database System	: SQL
Softwares	: LaTeX

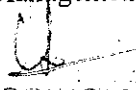

Experience:

- > As part of M.Tech program it was compulsory to teach B.tech students and support our professors. Handled labs and classes time to time.

Conferences and Publications:

- > Souparnika.M.P, A Literature Survey on Different Steganographic Mechanism for Remote Authentication, *IEEE Sponsored 2nd International Conference on Innovations in information Embedded and Communication Systems (ICIIECS'17)*, March 2017.
- > Presented the paper: "Video Inpainting With Short-Term Windows: Application to Object Removal and Error Concealment, at International Conference: Realm of Management in Bhagavad Gita-organized by Nehru School of Management.

OBJECTIVE:

Seeking a position to utilize my skills and abilities to help organizations and add business value through the use of technology.

ACADEMIC PROFILE:

Qualification	Institution	Year of passing	Board / University	Percentage of marks
B.E-Mechanical Engineering	PMC TECH Hosur.	2009	Anna university.	82%
HSE	G.HSS.Pottassery	2005	State Board	82%
X Standard	HS. Pallikurup	2003	State Board	83%

COMPUTER SKILLS:

Design Software known : AUTOCAD, SOLID WORKS, and PRO-E.

Analysis Software known : ANSYS- 9

Office package : M-S Office, DCA

Languages known : c, c++, Linux.

CO-CURRICULAR ACTIVITIES:

- Participated in Prathibha sangamam conducted by general education department Govt of Kerala (2 times).
- Winner in work experience competition conducted by general education department of Kerala (2 times).
- Participated in Placement preparatory programme conducted by MAFOI Academy Bangalore.

EXPERIENCE:

- Project Experience on Instrumentation Ltd (A Govt: of India Enterprise), Kanjikode, Palakkad, Kerala during Academic year.
- Worked as a Design Engineer in PSTTF in the period of 2009-2010.
- Working as a Production Engineer in ceift industries Kanjikkode(a joint venture of BEML Bangalore).

ACHIEVEMENTS:

- TeleQuiz – 2004 winner conducted by SSI education.
- Got 92% marks in academic performance during the year (2005-2006) & secured topper place in the College.

March Thesis: Power Quality Improvement using Distributed Static compensator (DSTATCOM). Since the energy crisis and depletion of various sources and increased pollution, the need to utilize alternate source of energy is increasing. The major source of power alternates are nonlinear loads such as computers, fans, inverters and other electronic appliances in the system. This causes increased neutral currents and overheating of the system. This affects the electrical equipments abruptly in order to avoid this ill effects of the supply system DSTATCOM performs appreciable manner. DSTATCOM eliminates the unwanted harmonics, improves the power factor of the system. It also regulates the supply voltage.

Design and analysis of DSTATCOM for power quality enhancement. Description: Power fluctuation is the main problem facing the power system and all electrical systems. Elimination of the fluctuation leads to the main power quality issue, so assurance of power quality is too important nowadays.

Academic achievements

Publications

1. Published a paper on the National level conference (NAFCON-2014) in Govt College of Engineering, Wayanad, named "Power Quality Improvement using Three Phase Three DSTATCOM".

2. Published a paper on the International conference (ICETPE-2015) in JKM College of Engineering, Kollam, named "Design, analysis and simulation of Three phase four wire DSTATCOM for power quality improvement".
