Program Report

Program Name: Softskill Training Programme for final year students

Nehru Corporate Placements and Industry Relations organised softskill training programme for 2017 passing out B Tech and MCA batches on 31st October and 1st November 2016. Nearly 548 students from NCERC participated in this 2 days training programme. Training programmed was conducted by Pragmatix. Softskill being the most important requirement for campus interview, we arranged a rigorous training programme for our students.

REPORT ON YOGA CLASS CONDUCTED IN NCERC CAMPUS

International Day of Yoga is celebrated annually on 21st June since its inception in 2015. An international day for yoga was declared unanimously by the United Nations General Assembly (UNGA). Yoga is a physical, mental and spiritual practice originated in Bharat or India. The Indian Prime Minister, Shri Narendra Modi in his UN address suggested the date of 21 June, as it is the longest day of the year in the Northern Hemisphere and shares special significance in many parts of the world.

The idea of International Day of Yoga was first proposed by the current Prime Minister of India, Mr. Narendra Modi during his speech at the UNGA on 27th September 2014. He stated that, "Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfillment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with you, the world and the nature. By changing our lifestyle and creating consciousness, it can help in well-being.

Yoga is an old discipline from India. It is both spiritual and physical. Yoga uses breathing techniques, exercise and meditation. It helps to improve health and happiness.

Benefits of yoga

Yoga has been studied and may be recommended to promote relaxation, reduce stress and improve some medical conditions such as premenstrual syndrome. Yoga is considered to be a low-impact activity that can provide the same benefits as "any well-designed exercise program, increasing general health and stamina, reducing stress, and improving those conditions brought about by sedentary lifestyles". It is particularly promoted as a physical therapy routine, and as a regimen to strengthen and balance all parts of the body.
